Dr. Rajendra Sankpal

MD, President,
Mumbai Obstetric & Gynecological Society
(MOGS)

Dear Esteemed Colleagues,

Greetings from the Mumbai Obstetric & Gynecological Society!

It is with heartfelt pride and deep professional joy that I welcome you to the International Endometriosis Conclave 2025—a historic collaboration between MOGS and the European Society for Gynecological Endoscopy (ESGE).

• 14th – 15th June 2025 at **Jio World Convention Centre, BKC, Mumbai**

Set against the backdrop of one of Asia's finest venues, this landmark event marks the beginning of a powerful global dialogue on one of the most enigmatic and challenging conditions in women's health: **Endometriosis**.

• Conference Theme

"Unveiling the Mysteries of Endometriosis: From Adolescence to Menopause" Breaking Barriers. Transforming Care.

This is more than a conference. It is a call to action—uniting surgeons, fertility experts, sonologists, and general gynecologists to advance precision diagnosis, minimally invasive treatment, and holistic care for women at every stage of life.

Together, we will explore the latest innovations in preoperative imaging, intraoperative mapping, and comprehensive management strategies. We will witness, learn, and reimagine the way we treat endometriosis and adenomyosis—through live surgeries, masterclasses, and multidisciplinary panels.

• Scientific Highlights

• Live Surgery Relays from leading endometriosis centers on:

• Deep Infiltrating Endometriosis (DIE)

• Bladder, Bowel & Ureteric Endometriosis

• Laparoscopic Adenomyoma Resection

• Complex Hysterectomy for Endometriosis

• **Inspiring Orations by Dr. Rudy Leon De Wilde and Dr. Harald Krentel and Keynotes by Dr. Hemantha Senanayake, ESGE dignitaries, and national thought leaders**

• Dynamic Panels on ART, adenomyosis, and integrated care pathways

• Innovation Pavilion – a curated showcase of cutting-edge devices, diagnostics, and surgical platforms

Let us come together in the spirit of collaboration—to elevate clinical practice, empower women, and redefine the future of gynecologic care.

I look forward to welcoming you to Mumbai for this unforgettable academic experience.

With warm regards,

Dr. Rajendra Sankpal

President, MOGS

MOGS Secretary's Message

Dr. Kedar Gala
Secretary MOGS

Dear Colleagues

Endometriosis has plagued our society no holds barred

We now have patients presenting to us with endometriosis from a fairly younger age right until menopause

With newer diagnostic modalities, it is possible to diagnose deep infiltrating endometriosis.

Over the next 2 days, we will hear from some of the brightest minds in the field of gynecology about pain management, treatment of endometriosis and prevention of relapse

With ward regards

Dr. Kedar Ganla
Secretary MOGS
