Presidential Message

My dear colleagues and cherished members of MOGS, As we gather for the 91-year-old legacy of our society, we meet at a defining moment in women's healthcare — where human judgment meets intelligent technology, and healing meets innovation with compassion. Our theme, Innovation & Technology, echoes a promise: every advancement must protect our patient, empower the clinician, and elevate the dignity of a woman who trusts us with her life.

Under the vision of Precision | Protection | Progress, this year's scientific program brings the heart of modern gynecology into our hands — from advanced laparoscopy, endometriosis, aesthetic gynecology, oncology, infertility, fetal medicine, medicolegal vigilance, and now, the extraordinary realm of AI & ChatGPT in clinical practice. Our three immersive workshops reflect this future — practical, ethical, and transformative.

At the majestic JW Marriott, we celebrate knowledge not as information, but as responsibility. We welcome world-renowned experts who share not only skill, but wisdom; not only techniques, but ethics.

This conference promises you more than learning — it offers confidence in decision-making, strength in ethical practice, and pride in being a gynecologist of this new era. You will return inspired, empowered, and prepared for the world that awaits beyond our clinics.

With deep gratitude and a promise of a truly world-class academic experience,

Dr Rajendra Sankpal

President, MOGS (2025–2026)

**Innovation with empathy.
Progress with purpose.**

Secretary's Message

Dear Esteemed Members and Delegates,

It is an honour to welcome you to the MOGS Annual Conference 2026 — a convergence of visionary science, refined clinical skill, and ethical innovation. This year's theme brings a compelling perspective to women's healthcare: technology must enhance judgment, elevate safety, and uphold trust.

Our scientific program reflects this conviction. With global experts, meticulously curated sessions, and workshops ranging from AI in Gynecology to Advanced Aesthetic and Fetal Medicine, we are delighted to offer an academic experience that is modern in approach, meaningful in content, and practical in application for every practicing clinician and resident.

We take pride in presenting a conference that is not only world-class in knowledge, but deeply rooted in our core commitment — women's wellbeing with dignity and scientific excellence.

Thank you for joining us in this journey of learning and leadership. May these two days inspire sharper thinking, safer practice, and a renewed purpose in women's health.

With warm regards,

Dr Kedar Ganla

Secretary, MOGS (2025–2026)

The background of the poster is a photograph of a large, modern, multi-story building at night. The building has many windows, some of which are lit up, and it is surrounded by a pool. The pool reflects the lights from the building and the sky. The sky is a deep blue. The overall scene is a nighttime view of a large, modern building with a pool in the foreground.

Thank You
